PAPERSKATER TIP SHEET #07

PEAK SEASON IS YOUR CHEAT CODE.

Holiday hiring is the easiest door into a frontline job.

THE MISTAKE

Waiting until January. Every fall, stores, restaurants, warehouses, and delivery hubs staff up big for the holidays — **they need hundreds of people fast, so they're less picky and hire quicker.** Most people sleep on that window.

FIX IT TONIGHT

✓ **Apply now, while they're hiring**
Don't wait till January. Apply while they're desperate for people — if you've ever wanted in somewhere, this is your window.

✓ **Get in as seasonal**
Take the seasonal spot. It's the easiest door in, and it's an audition, not just a job.

✓ **Outwork everybody**
Show up early. Volunteer for the ugly shifts. Learn the job faster than the next person. Seasonals who prove themselves are the first ones kept on.

Peak season isn't just a job. It's an audition. Walk in the door as seasonal — and give them a reason to keep you.
